

UNITED, WE MAKE THE BIGGEST DIFFERENCE.

A sense of
belonging builds
a sense of home.

For too many Calgarians, the isolation of the pandemic has cut them off from their social ties and the support they need to maintain their well-being.

Brenda knows how painful it is to be isolated. When she moved to Calgary to look after her parents, she had no social life. To connect with others, she got involved with a United Way initiative in her neighbourhood, where she met new people, built a social circle, and finally experienced a sense of belonging.

Your gift helps people find a sense of belonging and improves local lives, like Brenda's.

**Please give today, if you can,
at calgaryunitedway.org/give.**
