

UNITED, WE MAKE THE BIGGEST DIFFERENCE.

From foster homes to fostering hope.

Food, personal hygiene items, and shelter are our most basic needs—and the challenges of accessing them have increased for many people with the onset of COVID-19. The need for support has increased, with many people in need of help for the first time in their lives. Local people like Dez have experienced this struggle.

After growing up in foster care, Dez found herself living on the streets, struggling to access food, shelter, and other essentials. Today, she works to help ensure homeless youth can access the basic building blocks for a good life.

Your gift improves local lives.

Please give today, if you can,
at calgaryunitedway.org/give.
